JUNIOR HIGH SCHOOL ENTRANCE EXAMINATION, 1916

Note.—The Regulations referred to in this circular are in all cases the High School Entrance Regulations as prescribed on pages 112-122 of the Public and Separate School Regulations of 1915. High School Entrance Examiners and Presiding Officers are advised to make themselves familiar with this issue of the Regulations, as it contains some provisions not found in the High School Entrance Regulations of 1914.

General Instructions

1. From time to time the Minister has impressed upon the High School Entrance Boards the necessity of requiring an adequate standard for the valuation of the answer papers and of observing strictly the Regulations prescribed for the tests in both Groups of the High School Entrance examination. In 1915 reasons were given for concluding that a number of the Boards were not duly observing the provisions of the Regulations for the valuation of the answer papers, the determination of the results of the examination, and the reporting of them to this Department. The Minister now notes with pleasure that the records of the 1915 examination indicate that much greater care was observed in these respects by the majority of the Boards throughout the Province. Accordingly, while expressing his appreciation of this fact, he again urges all Boards to continue to support loyally his efforts to secure the due and efficient organization of the school system.

Circular No. 7 contains the Regulations in respect to exemption from examination and to the granting of High School Entrance certificates to boys who engage in farm work.
